

INTERNAL AUDIT

We often ask ourselves, is internal audit necessary? What if we're a smaller organization, should we be spending our already limited resources on an internal audit services? If your clients depend on you to provide efficient, compliant, and secure services, then the answer is a resounding "yes". Internal audit is an independent, objective assurance and consulting activity designed to add value and improve an organization's or company's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

Being a member firm of HLB International, it gives us the opportunity to draw specific Internal Audit expertise from an even larger professional network in over 140 countries. Our Internal audit team is comprised of professionals in the Audit, Accounting and Tax field who have rendered advice to a wide range of clientele in various industries i.e. Non-Government Organisations, Government Parastatals, Large ,Small and Medium Enterprises.

Though many organisations/businesses could prefer maintaining and employing an internal audit function within, the fact is Outsourcing an internal audit function is recommended for the better functioning of the audit department.
